and Whiskey Habits cured at home without pain. Book of particulars sent FREE. B. M. WOOLLEY, M.D., Atlanta, Ga. Office 104 1/2 Whitehall St.

ANOTHER HORROR.

Fifty Acres of a Pennsylvania Mine on Fire.

A NUMBER OF LIVES ARE LOST.

How Many No One Knows Just at Present—One Report Says That Only Three People Have Been Burned to Death While Another Report Says That Fourteen Lives Were Lost.

PITTSBURG, Feb. 17.—A special to The Times from Connellsville, Pa., says: Fifty-six acres of the Moyer mines owned by W. J. Rainey & Company are on fire. Three persons are known to have been burned to death. How many more men have perished the management of the mines are not prepared to say and rumor here fixes the loss of life at not less than fourteen people.

There was no explosion in the mines as has been reported. The mine has never been known to contain gas, and, while the authorities here are discreetly silent, it is known that the striking cokers throughout the region are charged with having set the mine on fire to secure a general suspension of the Rainey works.

The names of the unfortunates who are known to be in the burning mines are:

James Waddell, aged 22.
John and Robert Rohovel, aged 12 and 14 respectively.

Those who claim to know say that ten or twelve Hungarians were also in the mine when the fire started, but the officials of the mines say all the miners have been accounted for except the three mentioned above. The mine is now being flooded. Borland's creek, six feet wide and swollen, has been turned into the mouth of the shaft, and with an utter abandon for the unfortunates entombed the mines will be saved.

Since daylight the great body of water, forming a solid shaft six feet in diameter, has poured into the ponderous tomb and yet it is not full. There was no effort made to save the men in the mine. The fire cut off all possible hope for their rescue and, as the company has no list other than their payroll, they are as completely mystified as outsiders.

THE DEAD GENERAL.

Final Arrangements Made for the Burial of the Late Gen. Sherman.

NEW YORK, Feb. 17.—The remains of Gen. Sherman will be placed in the burial casket to-day and taken to the front parlor of the first floor. Until yesterday evening they lay in the upper chamber, in which the general died. The great commander will be dressed in the full uniform of a general of the United States army.

Until Thursday none but members of the family will be permitted to see the body. The smallness of the house will admit of only a few viewing the remains, and only those will be admitted who make a request. This will be the only occasion upon which the remains can be seen.

During the morning hours yesterday there were but few visitors at the house, but in the afternoon a number of military officers called, among them being Gen. Miles. He arrived about 3 o'clock and remained in the house about half an hour.

The funeral car will be placed on a regular St. Louis fast express of the Pennsylvania road at 6:30 Thursday evening. The train is expected to arrive in St. Louis, Saturday morning at 7:30. Only a few of the general's family and relatives will go to St. Louis, and only one car will be used by them. President Roberts, of the Pennsylvania, has tendered the family the use of his special car. No extra car will be allowed for those desiring to accompany the remains on their westward journey.

The President Will Attend the Funeral.

WASHINGTON, Feb. 17.—The president, while not positive, will probably attend the funeral of Gen. Sherman, in New York on Thursday. He will if he attends, be accompanied by nearly all the members of the cabinet. A large delegation of army and navy officers will attend, going to New York on a special train.

Some confusion existing as to when the government departments shall be closed the president has construed the executive order to mean that the government offices in New York shall close on Thursday, and the executive departments at Washington and the government offices at St. Louis and such other cities as desire to hold memorial services on Saturday, the day of the burial of Gen. Sherman at St. Louis.

Ohio's Claims Cannot Be Considered.

COLUMBUS, Feb. 17.—Governor Campbell has received a telegram from Gen. Thomas Ewing in New York, in answer to his telegram claiming the body of Gen. Sherman for burial in Ohio. It states that the fact that Gen. Sherman's wife and three children are buried in St. Louis preclude the idea of interring Gen. Sherman anywhere else.

General G. A. R. Orders.

RUTLAND, Vt., Feb. 17.—The following order has just been issued from the headquarters of the Grand Army of the Republic in this city by the commander-in-chief: Posts in the route of the funeral train of Gen. Sherman, from New York to St. Louis, will form at their respective railroad stations and salute as train passes.

Serious Result of a Friendly Scuffle.

BRAZIL, Ind., Feb. 17.—Morgan Troutman, of Knightsville, and Ed. Baker, of Prairieton, engaged in a friendly scuffle, when a revolver in Baker's pocket discharged accidentally, the ball lodging in Troutman's spinal column, producing complete paralysis.

A FLOOD EXPECTED

Along the Ohio River—Heavy Rains at the Headwaters.

CINCINNATI, Feb. 17.—All day Monday the river rose at the rate of an inch an hour. A flood is anticipated, but not a very disastrous one. Monday noon the river at the water works registered 45 feet 4 inches in the channel.

Pittsburg and Vicinity.

Monday afternoon the following was received from Pittsburg:

The steady down pour of rain since yesterday has had the effect of more or less seriously impeding travel on almost every railroad entering the city. The largest landslide that has occurred on the Baltimore and Ohio railway for several years now covers the tracks for a distance of 300 feet and nearly half that in depth near West Newton. Passengers are being transferred at the slide, but the tracks will not be cleared for several days. The Youghiogheny river is bank full and rising. A big flood is feared.

Reports from Greensburg are that the streams in that vicinity are over their banks and many of the people living on the lowlands have been driven from their homes.

The Manor Valley and Alexandria Branch railroads are covered in many places with water and slides. The lower end of Greensburg and the fair grounds are entirely submerged. Already the damage to property is great, the water still rising.

Johnstown reports the highest water in Stony creek and Conemaugh river since the flood. The Poplar street bridge, Cambria railroad bridge, a temporary bridge at East Conemaugh, Eleventh ward bridge, and the partly constructed Walnut street bridge have all been destroyed. The cellars in the lower part of Johnstown are filled with water, and work at the Cambria Iron company's plants has been suspended owing to the water backing up through the sewer into the mills and furnaces.

The water is now two feet higher than at any time since the great flood and still rising. A telegram from Shade Creek says the large log boom is liable to break at any time. Should this happen the destruction of bridges will be complete. The snow up the Conemaugh valley is eighteen inches deep, while in Somerset county it is several feet. The water from the Stony creek has commenced to flow over the business part of the city.

The water is still rising, and the lower end of the city is almost entirely under water. Reports come from several sections of the town that thieves are taking advantage of the excitement attending the high waters, and are plundering whenever the opportunity presents itself.

Still Rising.

PITTSBURG, Feb. 17.—A flood in both rivers, unequaled by any rise of the waters since that of Feb., 1884, is looked for by river men of experience in Pittsburg. The most conservative estimates place the limit twenty-five feet, while many careful river men say that the thirty-foot mark will be reached.

The fall of rain for over thirty hours along both the Allegheny and Monongahela rivers, from their mountain sources has been heavy and it is still raining. At many places great damage has been done already.

Everywhere up the valleys extra precautions are being taken.

The only property along the wharf in danger at this point is an immense shipment of shingles from New Orleans. There is no end of coal loaded for shipment, and empty flats and barges are easily protected.

A Flood and Still Raining.

BRADFORD, Pa., Feb. 17.—The steady downpour of rain since 10 o'clock Sunday night has swollen both branches of Tuna creek into rivers. Last night the banks overflowed, inundating Davis, Florence, Foreman and lower Amm streets. The people living on lower Amm street are being taken from their homes in boats. The water has flooded all the fires in Bovard & Seyfang's mammoth iron works. It is still raining.

ACCOMPLISHED HIS PURPOSE.

An Eventful Life Ended by Its Possessor Taking Poison.

TOLEDO, O., Feb. 17.—William R. Hines, employed in the power house of the Consolidated Street Railway company, took poison Sunday night in his room and, pulling off his boots, lay down on a cot to await death. He was discovered by the watchman, and a physician was called, but he refused to take an antidote and died in great pain yesterday morning. Hines was about 50 years old.

Some years since he was a frontiersman and drove the mails through the Black Hills. He afterwards located in Minneapolis, where he bought a livery stable. This was fired by an incendiary and his wife perished in the flames. He has been since that time roving about the country practicing as a veterinary surgeon. He came to Toledo last fall from Bowling Green, O.

A Peculiar Accident.

PITTSBURG, Feb. 17.—As an accommodation train on the Pan-Handle road was entering the city yesterday morning a stone weighing 150 pounds rolled down a hillside south of the Monongahela river and crashed into a car. Miss Clara Fleming, of Washington, Pa., was crushed to death in her seat, and a young man sitting beside her had a narrow escape. The accident caused the wildest excitement on the train. At the point where it occurred it is 300 feet almost perpendicular from the tracks to the hill top.

Gibson Indicted.

CHICAGO, Feb. 17.—Secretary George J. Gibson, of the whisky trust, has been indicted by the grand jury, and tomorrow morning, barring flight, will probably be again arrested and compelled to give bail in the state courts, in addition to \$20,000 Federal bonds already piled up against him.

FOREIGN CULLINGS.

A Few Items from Over the Ocean.

OUTRAGES UPON THE JEWS.

A Russian Doctor Brands the Word "Thief" in Three Different Languages Upon the Forehead of a Hebrew Boy Who Was Charged With Stealing a Small Quantity of Fruit—Other Cable News.

ST. PETERSBURG, Feb. 17.—A Jewish physician named Chascanovitch and the rabbi, Markus, both residing in Grodno, have been arrested and exiled from that province for two years. Their offense is said to have consisted in the sending of a petition to the government in behalf of the Jewish community demanding redress for an outrage committed by a Russian doctor named Granovski, who is accused of having branded the word "thief" in three languages upon the forehead of a Hebrew lad. The boy was charged with having stolen a small quantity of fruit.

The petition declared that the case was one which would excite the indignation of the civilized world.

A Youth Robbed of a Large Amount.

LONDON, Feb. 17.—A clerk named McKenzie, a youth about 17 years of age, was admittedly robbed yesterday of a satchel containing £11,550 in Bank of England notes of denominations ranging from £1,000 downwards. The thieves were of genteel appearance, in fact rather dandified, and the police believe that they are expert American criminals, who have been watching young McKenzie probably for weeks, knowing that he was entrusted with large amounts of money, and awaiting their chance to rob him. They got clean away with the biggest haul of the kind in this generation. The notes can be easily disposed of.

Dockers' Strike Growing Serious.

LONDON, Feb. 17.—The dockers' strike here has resumed a very grave aspect. Lightermen who attempted to unload 20,000 frozen sheep have withdrawn, asserting their lives to be in danger from violence threatened by the strikers.

At Cardiff the situation is almost equally serious. In consequence of the shipping troubles, to New Zealand mutton has gone up one penny per pound and a further advance is feared.

Railway Building in Chili.

LONDON, Feb. 17.—The Chilean government and those of German bankers who furnish money for the construction of railways in Chili are engaged in a quarrel. The bankers decline to advance money as the work proceeds, as has heretofore been the case. President Balmaceda demands that they pay as hitherto.

Striking Dockmen Defeated at Cardiff.

CARDIFF, Feb. 17.—Thomas Mann, the labor leader who came here from London in the hope of settling the dock laborers' strike, has failed in his mission. The employers peremptorily refuse to discharge the new hands, and it is practically conceded that the striking dockmen are defeated.

German War Vessel Sent to Chili.

BERLIN, Feb. 17.—The government has sent a warship to the coast of Chili to protect the interests of German subjects residing in that country.

BLOODY SHOOTING AFFRAY.

A Desperado Threatens the Life of a Farmer and Has His Head Blown Off.

DANVILLE, Ky., Feb. 17.—News was brought here of a bloody shooting affray on the headwaters of Rock Castle river, in Laurel county. Dan. George and a mountain desperado known as "Bad Ed" Chestnut got on a drunk and went to the house of Ben Owens, a peaceable farmer, and calling from his house, began abusing him at a terrible rate, at the same time threatening to kill him. Owens did not want any trouble with the men, and ordered them to leave the premises.

"Bad Ed" finally decided to leave, and tried to induce George to do likewise, but the latter drew a bowie knife and started towards Owens, saying, "D-n you, I'm going to kill you anyhow." Owens calmly walked into the house and reappeared shortly with an old army musket. George came towards him, and he raised the gun and fired when his assailant was within six or seven feet of the weapon. The gun was loaded with twelve buckshot, and the load struck George full in the face, literally tearing his head into pieces. Death was as sudden as though he had been struck by lightning. Owens gave himself up to the officers.

EXCITING OIL FIRE.

An Explosion Scatters the Thousands of On-Lookers.

PHILADELPHIA, Feb. 17.—Eight out of twelve tank cars that were coupled together, and five loaded coal cars of the Pennsylvania railroad were destroyed by fire last night.

The flames from the burning oil attracted thousands of people to the scene. Suddenly one of the oil cars exploded, and the burning oil was thrown high into the air. The crowd made a wild rush for safety and many were knocked down and trampled, and some were badly injured, but not killed. Loss estimated at from \$15,000 to \$30,000.

Wants to Fight Fitzsimmons.

NEW YORK, Feb. 17.—Patry J. Farrell, of Pittsburg, who first came into public notice by defeating Dominick McCaffrey in Philadelphia, is eager to arrange a match with Bob Fitzsimmons, the middle-weight champion. He has authorized a gentleman well-known in sporting circles to meet Fitzsimmons and arrange a match for \$5,000 a side.

DEVOTION OF A FATHER.

The Skin Removed from His Arms and Grafted Upon His Daughter's Neck.

BELLEfonte, Pa., Feb. 17.—A remarkable case of skin grafting has excited considerable interest among the residents of this community. Last summer a young son of Mr. Musser, of this place, built a fire a short distance from his home for the purpose of roasting some potatoes. His mother, seeing the fire, sent her daughter, Mary, 10 years of age, to bring her brother home. The boy resisted, and in her attempts to force him away the girl's dress caught fire in the back, and before help arrived she was seriously burned. An examination was made of her injuries, and it was discovered that the skin and flesh on her back, hips and portions of her limbs was roasted to a crisp, which afterward festered and dropped off.

After trying other remedies without success, Dr. Dartt resorted to skin grafting, and about three months ago he performed the first operation. The grafts were taken from the arm of the father of the child, who is a stout, healthy man. Nipping off small particles of flesh he would force them down into the raw flesh of the child's back. Of the first ten patches he transplanted, nearly every one produced a new and healthy skin. During the past two months four operations have been performed, and they have been attended with most flattering results. Although some fifty pieces of flesh have been removed from Mr. Musser's arms, he has worked regularly all the time at his business. The patient, during recent weeks, has occupied herself with doing fancy sewing, but very lately she has been obliged to give that up owing to her nervous affection. Her physician is confident that she will experience a complete recovery.

RAVAGES OF SMALLPOX.

Two Thousand People are Quarantined in Pennsylvania.

ERIE, Pa., Feb. 17.—Dr. Lee, of the state board of health, and Dr. Woods, of Erie, have completed the quarantining of the Johnsbury (Elk county) smallpox district, as far as they can reach it.

Mrs. Patrick Halligan and a child died Sunday. There are thirty persons in the quarantine. Over 2,000 of the inhabitants in that section have been quarantined, and armed guards prevent people from getting on or off the trains.

It Is Bred by Filth.

WICHITA, Kan., Feb. 17.—A number of smallpox cases have been reported among the Mennonites of Marion county within the past few days, and fears are entertained of a repetition of the scourge which killed scores of people in that community a few years ago. These people are uncleanly to a large degree, and so careless that all attempts to arrest the spread of the plague have heretofore proved futile.

HALF A MILLION FIRE LOSS.

A Volunteer Fireman Loses His Life Under a Falling Wall.

CHICAGO, Feb. 17.—A Seattle, Wash., special says: News comes from New Westminster, B. C., that that city suffered a loss yesterday of nearly a half million dollars by fire. It also caused the death of John M. Cannon, a volunteer fireman, who was buried under a falling wall. Another man is said to be buried in the ruins. Fire started in the premises occupied by F. Stiersky on Columbus street. The whole block of buildings was ablaze before the firemen got to work.

When the flames were nearly under control an explosion occurred, bursting all the hose pumping on the fire and breaking every pane of glass within a radius of half a mile. The Masonic Temple, adjoining, which had up to this time been considered safe, now caught fire. It was a four-story building, valued at \$80,000, and was occupied as an office building. Nothing was saved out of this structure but the papers from the registry office.

A PEACEMAKER'S FATE.

Load of Shot Poured Into Him While He Attempts to Quell a Riot.

MADISON, Ind., Feb. 17.—Abe Neal gave a dance Saturday night, where beer and blood flowed freely. About midnight Wing Stewart and Reed Potter, notorious characters, put in an appearance and soon raised a row, the two attacking John Alberts. Neal demurred, and finally drew a shotgun and fired at Potter. Missing him, the load of shot struck Orrell Selig, a young man of 22, who was trying to quell the riot, producing a horrible wound in the abdomen, lacerating the intestines for five inches. Recovery impossible. Neal gave himself up, and is in jail awaiting the result of Selig's injuries.

CIGARS AND WATER.

An Indiana Farmer Getting Along Comfortably on His Restricted Diet.

FORT WAYNE, Ind., Feb. 17.—Abraham Gump, who wagered \$1,000 with Col. James Grey that he could fast thirty days, finished his fifteenth day at noon Sunday, and his two physicians say the worst of the task has passed. His general health remains good, but he has lost on an average of over one pound per day, having lost sixteen pounds. He uses twenty-four ounces of water and smokes two cigars daily, and there is every indication now that he will succeed.

Fire Caused by an Electric Wire.

LIMA, O., Feb. 17.—Shortly before 6 o'clock yesterday morning fire was discovered in the tower and roof of the telephone exchange. The department was called out and extinguished the flames with much trouble. Several of the firemen were severely shocked. The cable and all the wires were burned out and all telephone connections stopped. The fire is thought to have originated from an electric wire crossing a telephone wire.

EVENING BULLETIN.
 DAILY, "EXCEPT SUNDAY."
ROSSER & MCCARTHY,
 Proprietors.
 TUESDAY, FEBRUARY 17, 1891.

The Silver Question.

It has been known for several years just what Mr. Cleveland's views were on the silver question. He expressed his opinion very forcibly when he was President. He was opposed to free coinage and said so in language all could understand. And yet his recent letter affirming his opposition to free coinage created a sensation in political circles, and has given the subject greater prominence than it otherwise would have attained.

There is no doubt a big element in his party, especially in the West and South, is not with Cleveland on this subject, but is the party right and he wrong?

The pending free silver coinage bill as passed by the Senate provides that "the unit of value in the United States shall be the dollar, and the same may be coined of 412½ grains of standard silver, or 25.8 grains of standard gold; and the said coins shall be legal tender for all debts, public and private. That hereafter any owner of silver or gold bullion may deposit the same at any mint in the United States, to be formed into standard silver dollars or bars for his benefit, and without charge; but it shall be lawful to refuse any deposit of less value than \$100, or any bullion so base as to be unsuitable for the operations of the mint." The bill also provides for the issue of coin certificates of denominations of not less than one, or more than one hundred dollars, and that such certificates shall be redeemable in coin of standard value. Section 4 of the bill provides "that the certificates provided for in this act, and all silver and gold certificates already issued, shall be receivable for all taxes and dues to the United States of every description, and shall be a legal tender for the payment of all debts, public and private."

The Farm and Fireside of Philadelphia commenting on this question says: "As to the effect of such a free coinage act there is a diversity of opinion. If it will enhance the value of silver so that it shall be on a par with gold, then well and good. If the value of silver does not increase, and the government stamps the dollar mark on eighty cents worth of silver, then the gold will disappear from circulation, and this country will descend to a place alongside India, China and other silver standard countries. The bill does not confine free coinage to the bullion produced in this country, but throws the mints open to the world. If this bill should pass and result in giving this country depreciated money, the speculators and silver kings will have a bonanza at the expense of the farmers, wage earners and merchants of this country. There is another class that want a depreciated currency for the purpose of having their debts scaled down. There are many who honestly believe that free coinage will bring silver up to par with gold and benefit the country. The only way to settle the question seems to be to make the experiment. It is a risky experiment, but it is the only thing that will satisfy the large and increasing number of advocates of free unlimited silver coinage."

Kentucky's Population.

The revised count of the population of Kentucky by Census Superintendent Porter gives a total of 1,858,635 for the State. The population in 1880 was 1,648,690. The increase in the past decade is a very handsome one, but there are many people who believe a correct count would give the State a population of about 2,000,000.

The largest county in the State, as regards population, is Jefferson, of course. Mr. Porter's count gives it 188,598 people. Kenton comes next, with a population of 54,161, and Campbell, with 44,208, is the third largest in population, although it is the next smallest in point of area. Fayette has 35,698 inhabitants, coming fourth in the list of big counties. Christian is fifth, with 34,118, and Daviess is sixth, having 33,120 people.

The big counties may be classed as follows:

Jefferson.....	188,598
Kenton.....	54,161
Campbell.....	44,208
Fayette.....	35,698
Christian.....	34,118
Daviess.....	33,120
Warren.....	32,158
Henderson.....	29,596
Graves.....	28,534
Pulaski.....	25,731

These are the only counties in the State with a population of over 25,000. Mason has 20,773 inhabitants, standing nineteenth in point of population.

The smallest county in the State is Leslie, having only 3,964 inhabitants. Martin, with 4,209, is next and Gallatin, which is the smallest in area, is the third smallest in population. Here are the ten little counties:

Leslie.....	3,964
Martin.....	4,209
Gallatin.....	4,611
Menifee.....	4,666
Robertson.....	4,684
Powell.....	4,698
Knott.....	4,438
Owsley.....	5,975
Rowan.....	6,129
Harlan.....	6,197

The population of Mason and surrounding counties is as follows:

Mason.....	20,773
Lewis.....	14,803
Fleming.....	16,078
Nicholas.....	10,764
Robertson.....	4,684
Bracken.....	12,369

THE Democratic primary in Bourbon Saturday to nominate a candidate for the Legislature was one of the most exciting ever witnessed in that county. Hon. E. M. Dickson defeated Horace Miller by 247 majority.

THE POOR INDIAN.

A Badly Treated Lot of People—A Letter From the Scene of the Late Trouble.

PINE RIDGE, S. D., February 7, 1891.
 Editor Bulletin: While sitting here in my tent listening to the gentle zephyrs that frequent this part of the country, I thought probably my old schoolmates and friends would like to hear from an old Kentucky boy that is still alive, after standing the hardships of the late "Messiah" war with the Sioux Indians. This trouble was caused (from what I have seen and heard from the Indians themselves) by the starved-out settlers, the horse thieves, cattle thieves and cow boys, but principally by the Indian agents' failing to comply with the orders from the Government in issuing them rations. There have been about two hundred head of beef cattle found on the reservation, that had been dropped from the returns as issued to Indians.

Since the military has had charge of the Indians every one of them seems to be perfectly satisfied. They come in and draw their rations as usual, and most of them that were camped near the agency have gone to their homes out on the several creeks which traverse the reservation. I had the pleasure (through curiosity) of participating in an old-fashioned country hop, given by an old Indian in behalf of the soldiers and young half-breeds, and can say that I enjoyed the dance as much as any I ever attended at home. The participants behaved with as much grace as the elite of any country town. Their dress was neat and displayed much taste and workmanship.

The Deputy Sheriff of Dawes County, Dakota, was present at this hop, and in my conversation with him I asked him how much his salary amounted to during his stay in office. In reply, I was told that he didn't do very well, but could have made more if the Indian trouble had happened during the summer months. I asked him what he meant by this.

"Because I could have rounded up about 1,000 head of horses or cattle and driven them off to market before the owners could have found out what had become of them," was his answer.

I then asked him if he would not have been afraid of being caught at this stealing.

"No, indeed. The blame would be put on the Indians on the warpath, and the ranchers would consequently look to the Government for remuneration."

At all events he said he would have had money enough to last him for awhile anyway. How can the citizens of the United States expect to keep the Indians peaceful and have the public treasury with plenty of cash therein, when the people of this Western country have such renegades from society, as the above mentioned one, to put their money in the hands of thieves and cut throats? As far as I can see, I do not blame the Indians at all for going on the warpath. It was either life or death with them, and they thought it sweeter to die fighting for their own rights than to starve to death sitting around the agency.

Several members have been very sick from pneumonia, and one died and was buried during one of those cold blustery days, with military honors. The regiment will probably leave for California about February 25th, if not otherwise ordered, but will not take all the men back that were brought out from California, on account of transfers to other regiments in the Department of the Platte.

The people of that Republican stronghold, the State of Maine, are not saying much, but they are no better satisfied than we are with Mr. Porter's census. The National Democrat says: "The revised figures of the Maine census have been printed without comment in the papers of the State. The reason for the chilly silence is not far to seek, for comparative tables show that the present population, 664,086, is but 12,497 more than the total registered by the census of 1880. Six counties out of the eighteen have actually fallen off." The Census Superintendent will hereafter be known as Depopulator Porter.

PLAINFIELD, N. J., has a Republican Mayor. A few days since, the colored voters of the place petitioned for a division of the "spoils," and asked him to appoint one colored man on the police force, and another colored man to be a special policeman. The Republican Mayor not only refused their request, but "added insult to injury" by appointing the two men named to be "dog catchers." Just think of such an outrage perpetrated on the down-trodden colored voter of the North! Call out the troops.

Churches and Preachers.

The Baptist Church at Versailles has secured a new pastor in the person of Rev. Paul Vernon Bomar, of Camden, S. C.

Rev. W. S. Bayne, formerly an attorney at Mt. Olivet, has been employed to preach for the Baptist Church at Shelby, Ohio.

Rev. J. P. Dawson, who is assisting in the meeting at the First Presbyterian Church, was in a meeting at Mt. Sterling recently that resulted in eleven additions to the church.

River News.

Heavy rains at headwaters and a big river is expected.

Due up: Sherley for Portsmouth at 9 p. m., Telegraph for Pomeroy and Congo for Pittsburg at midnight. Down: Bonanza at midnight.

The Sherley and Congo got in ahead of the Stanley yesterday, but the latter showed her wheel to the Sherley long before Cincinnati was reached.

Here and There.

Dr. J. C. Norris, of Winchester, was in town yesterday.

Dr. Will Ross, of Madisonville, Ky., is visiting friends here.

Miss Lillie May Thomas, of Maysville, who has been visiting in this city and in Versailles for some time, passed through Saturday en route home.—Lexington Transcript.

OUR NEIGHBORS.

SARDIS.

Executor's sale of the realty and personality of William P. Clarke, three miles west of Mayslick, February 14th, Walter Case auctioneer. The home farm—193 acres—brought \$72.25 per acre. Abel Rees, Jr., publisher, \$15,944.25. Horses sold from \$116 to \$143 per head; 60 head of ewes, \$7.95 per head; cattle, 3 cents per pound; hogs, 3½ cents per pound, estimated; corn, 49 cents per bushel. The crowd was guessed at 300—traders, farmers, bankers, lawyers, doctors, drummers, merchants were there. Mrs. W. P. Clarke, the widow, had all her old friends and neighbors to dine with her; while an abundant spread for the multitude was made on the lawn surrounding the mansion. Wm. Hunkill, Paris; Perry Jefferson, of Millersburg; Riley Gordon, of Winchester, Jos. F. Perrie, of Maysville; George Taylor, of Washington; Revs. Simmons, of Mayslick, and Wright, of Fairview, were among the visitors. A sale or a wedding always brings out the people.

The following card, in the latest style of the calligraphic art, was received at reporter's office, Desha Valley:

"You are invited to meet the Misses Dixon, Thompson and Newell Thursday evening, February 12, '91, at 'The Highlands,' home of the Misses Dixon."

A social entertainment unsurpassed in brilliancy and pleasure was given as above, in honor of a bevy of attractive girls—Misses Kittle and Vinnie Dixon, Ripley, O., Miss Mattie Poindexter, Cynthia, and Miss Annie Newell, Maysville, guests at 'The Highlands.'

Gayety reigned supreme in those spacious rooms, glowing with light, fragrant with flowers, filled with the swell of music, and above all the master of the house and his sons and his lovely daughter, extending cordial greetings and bright and winsome smiles to the coming guests.

The supper was served near the hour of midnight, in artistic courses, and was the season's crowning event. The menu had been prepared entirely at the house, and embraced a most reliable variety.

Miss Dixon received in a becoming toilet of old rose faille, jetted and embroidered in garnet velvet, assisted by her sister, Miss Nancy Lee, in a superb gown of black silk, with scarlet trimmings. The Misses Dixon wore elegant costumes of white silk, the décolleté corsage revealing lovely necks and arms. The trimming was pearl fringes and tassels. Miss Poindexter a rich frock of black broadcloth silk lace trimmings. Miss Newell a handsome toilet of light blue silk with lace draperies.

Seventy-five invitations had been issued and but few regrets were returned, among them Miss Thompson, of Sharpsburg, pleaded a prior engagement, and Mr. Frank A. Benua, of Ripley, sent the following unique regret:

"Your invite
 I duly received, and
 And I opine,
 I'd not decline,
 Could I but slip
 My friend 'La Grippe,'
 To his decree,
 I bend the knee,
 Ah, me! ah, me!
 Indeed, I'm quite
 Out of sight."

All the neighboring towns were represented by their most gallant young men and prettiest girls, looking very sweet in gowns of exquisite designs. Among those from other points we met Mr. John Poindexter, of Cynthia, a young gentleman of fine presence, and his sister, Miss Poindexter, a guest at "The Highlands" for several days.

Maysville was represented by the Misses Burrows, and Messrs. J. C. Everett and C. Mcracken, and Millersburg by Mr. Charlie Layson and Miss Layson. The departing guests went away much delighted with the pleasant hours afforded them, saying adieu to their fair entertainers at 3:30 o'clock a. m.

JERSEY RIDGE.

Preaching next Sunday at the Old Stone Church by Rev. J. R. Nelson.

Mrs. Patrick McHugh and daughter visited at Mill Creek last week.

Miss Emma Henson, of Bracken County, is visiting the family of J. B. Daniels.

Miss May Proctor has returned from a visit to the Misses Morford, of Maysville.

T. K. Proctor, of Lawrence Creek, contemplates moving to Maysville in the near future.

Walter Marsh, of Charleston Bottom, visited his sister, Mrs. Philip Cooper, in Ohio, Saturday and Sunday.

Mr. and Mrs. Morris, of Blue Licks, are here visiting relatives. Mrs. Morris is the daughter of Mr. John Straubow, who formerly kept our toll-gate.

There were several visitors from Fidelity Division moving to Maysville Saturday night, among who were Mrs. Campbell, Mrs. Morris and Mr. Joseph Geis.

The roads haven't been in such a fix for many a day as they now are. It is attributed to the fox-hunters, and the farmers say if it is not stopped pretty soon they will be heard from.

RECTORVILLE.

More rainy weather.

A fine time for loafers.

Our spring school is prospering nicely.

Mrs. J. K. Carr, of Concord, is visiting relatives here.

Wm. Prather is prizing tobacco here again this season.

Miss Blanche Kirkland is visiting near Flemingsburg.

Miss Nannie Trisler is visiting friends near Mayslick.

Misses Ella and Sidney Showen are visiting friends here.

A. W. Willis and wife are on the sick list. Will has taken a bucket.

Mr. Will Mattingly and son, attended quarterly meeting at Mt. Carmel Sunday.

Many of our young folks attended a valentine party at Mr. George Davis Saturday night.

The light of the burning amphitheatre at the Maysville fair grounds was plainly seen at this place.

The Tired Woman's Epitaph.

There was an old woman who always was tired, she lived in a house where no help was hired; Her last words on earth were: "Dear friends, I am going Where sweeping ain't done, nor churning nor sewing; And everything there will be just to my wishes. For there they don't eat, there's no washing of dishes; And though there the anthems are constantly ringing, I having no voice, will get rid of singing. Don't mourn for me now and don't mourn for me never, For I'm going to do nothing forever and ever." —Selected.

When Baby was sick, we gave her Castoria,

When she was a Child, she cried for Castoria,

When she became Miss, she clung to Castoria,

When she had Children, she gave them Castoria.

THE Bourbon Agricultural Society has elected the following officers: President—Joseph M. Hall. Vice Presidents—George B. Alexander and A. P. Lary. Secretary—R. K. McCarney. Treasurer—William Myall.

THE Paris correspondent of the Lexington Leader says: "Miss Sallie Wilson, one of Bourbon's fairest daughter, living on Cane Ridge, will soon be married to a Cincinnati gent." Miss Wilson has frequently visited in this city and county and the above will be an interesting bit of news to her many friends.

I HAVE a cousin who is a printer, says Ex-Mayor J. Loughran, of North Des Moines, Ia. Some time ago he was employed in this city where they were printing circulars for Chamberlain. He had a deep seated cold and terrible cough, and while setting up copy he made up his mind to buy a bottle. It cured him and that was the first I ever knew of Chamberlain's Cough Remedy. I have been strongly in its favor ever since. My own experience and that of my family convinces me that this remedy is the best in the world. That may be strong language, but that is what I think. For sale by Power & Reynolds, druggists. 6tw

Cincinnati Tobacco Market.

The offerings at auction for the week just closed were 2,726 hds, classed as follows: 886 hds Mason County (Ky.); 586 hds Pendleton County (Ky.); District: 321 hds Owen County (Ky.); District: 308 hds Blue Grass (Ky.); District: 651 hds Brown County (Ohio) District: 16 hds Indiana and 48 hds West Virginia. Total offerings for the week, 2,726 hds, against 2,847 hds for the previous weeks and 2,822 hds the corresponding week last year. Total offerings for the year to date, 15,994 hds, against 13,747 hds same time last year.

Receipts for the week.....1,830 hds
 Receipts same week last year.....1,250 hds

The offerings remain large and the receipts are heavy, showing an increase over the previous week of over 70 hds, and there was again only a very small reduction in stock of 77 hds. The market during the past week held steady on old, of which there is a very large proportion of common nondescript trash and lugs in the offerings, for which there is, and has been the case for some time, only a limited demand, and prices are in consequence low. Clean samples of medium leaf are in good demand and selling well. There is only a small number of hds of good and fine leaf and colory trash and lugs appearing on sale, and this kind is in active demand, being sought after and bringing full prices.

The receipts and offerings of new are steadily increasing, 1,250 hds being offered during the week. A strong market is shown in medium to good leaf, and buyers are taking them readily and at full prices. All serviceable types are in active demand at full figures. The very common grades do not sell as readily as others, being in only fair demand.

Of the 2,726 hds, 614 hds sold from \$1 to \$3.95, 607 hds from \$8 to \$9.95, 407 hds from \$10 to \$14.75, 313 hds from \$14 to \$5.95, 303 hds from \$6 to \$7.95, 235 hds from \$15 to \$19.75, 43 hds from \$20 to \$25 and 4 from \$25 to \$25.75.—Enquirer.

Louisville Tobacco Market.

Furnished by Glover & Durrett, proprietors Louisville Tobacco Warehouse.

Sales on our market for the week just closed amount to 4,294 hds., with receipts for the same period of 2,646 hds. Sales on our market since January 1st amount to 20,669 hds. Sales of the crop of 1890 on our market to this date 12,050 hds.

There is very little that is now to be said of our market this week. The principal features of the week were the very large offerings and good prices. There was a little irregularity during the week on the medium grades of new burley, but the market closed firm all along the line. Old burley remains unchanged.

The following quotations fairly represent our market for burley crop of 1889:

Trash (dark) or damaged tobacco.....	\$ 2 00	2 00
Colony trash.....	3 00	5 00
Common lugs.....	3 50	5 50
Colony lugs.....	5 00	10 00
Common leaf.....	7 00	10 00
Medium to good leaf.....	10 00	16 00
Good to fine fillers.....	16 00	20 00
Select wrappry tabs.....	20 00	27 50

Entitled to the Best.

All are entitled to the best that their money will buy, so every family should have, at once, a bottle of the best family remedy, Syrup of Figs, to cleanse the system when constive or bilious. For sale in 50c and \$1 bottles by all leading druggists.

WANTED.

WANTED—All kinds of country produce, at WEIAND & FROST'S, 36 Market street, Maysville, Ky. 6dlw

FOR SALE.

FOR SALE—One thousand Locust Posts for fencing. Apply to ELSHA MORAN. 3dlwt

FOR SALE—A new two-story frame house, corner race and Clark streets, Chester. Five rooms, kitchen and cellar. Three lots. Apply to PEARCE & DULEY. 948t

FOR SALE—A good, two-story frame house containing 3 rooms, 2 nice halls and summer kitchen, all in good order. The lot is 100 feet 8 inches front and 105 feet deep and is admirably adapted to a garden. It is situated on the south side of the Germantown pike, just outside the city limits. There is an excellent spring (with spring-house) of never-failing water. A splendid home for a man with small family. Apply to MRS. BRIDGE W. MCARTHY or at premises or to M. J. MCARTHY, BULLETIN OFFICE. d2d4wt

MINER'S ANNOUNCEMENT!

Selling at Cost.

In a great majority of cases this sign is a fraud. The intelligent public know very well that merchants are not doing business for fun. They are not in it to sell goods at cost. Loss puts nothing in a merchant's purse. He can't live on loss.

There Are Times, however, when the question of profit is put aside. A merchant doesn't, of course, expect to live on loss! He much prefers that none should come. But a wise merchant knows that loss at times is inevitable on certain classes of goods if kept over another season. So he accepts the situation and shoulders his loss at once instead of postponing it and risking greater.

Now WE Come in Right Here.

On all our Ladies' Fine Shoes of Winter weight we have cut the price. It is your opportunity to shoe yourself at wonderfully low cost.

ATTORNEY E. R. VON MARTELS, of Cincinnati, was here yesterday on legal business.

CHEW "RAINCROW" and smoke "Buckshot" twist made by J. H. Rains & Son. (f16d2w)

MAY 3 is the date set for the execution of Anthony Duncan, the negro who killed Dr. Gorham near Lexington.

WM. A. JONES, of this city, and J. C. Bierley, of Greenup, have been added to the list of Kentucky pensioners.

BOYD COUNTY shows a big increase in its assessable property. The total valuation for 1891 is \$800,000 more than for 1890.

MR. Z. T. VINSON, of Huntington, was down Saturday to effect a sale of West Virginia real estate to Maysville speculators.

SMOKE Daulton & Roden's "Park Boquet," "Little Spaniard" or "Equity" cigars. They rank high up as strictly fine goods. See advertisement.

THE Greta Green will hereafter be published at Aberdeen. Brother Stevenson and Dr. Guthrie went to Cincinnati last evening to buy a press and outfit.

FARMERS, when you want hoes, rakes, plows, axes, or anything else in the hardware line it will be to your interest to call on the Frank Owens Hardware Company.

WARREN COUNTY's taxable wealth reaches the sum of \$9,500,000. It has a population of 37,000, of whom 7,817 are tax-payers. Only 1,589 negroes pay taxes.

"THE best is the cheapest." It will pay you to go to Ballenger, the jeweler, when wanting anything in his line. He invites special attention just now to his stock of clocks.

THE Frank Owens Hardware Company invite you to call at their establishment when you want anything in the hardware line. They have a complete stock of goods always on hand.

JOSEPH HEISER Post No. 13, G. A. R., will hold a memorial service for the late General W. T. Sherman, at their hall tomorrow evening at 7:30 o'clock. All soldiers and the Ladies' Relief Corps are invited. Rev. Thomas Hanford, D. D., will conduct the religious exercises.

THE CON CON

Still Working Away on the Chapter on Corporations—What Was Done Yesterday.

The Constitutional convention resumed work yesterday morning on the chapter in reference to corporations. Section fourteen was adopted without amendment. It declares that if any railroad company, express company, or other corporation shall consolidate with companies organized under the laws of other States, the courts of Kentucky shall retain jurisdiction over the corporate property within the limits of the State.

Section fifteen was then taken up. It is intended to prohibit the consolidation of competing railroad, telegraph or common carrier companies, and contains a clause to the effect that they shall not combine, or make any contract with the owners of any vessel that leaves or makes port in this State, or with any common carrier by which combination or contract the earnings of one doing the carrying are to be shared by the other not doing the carrying. This was the subject of a warm discussion. The Louisville Times' correspondent says: Mr. Burnam, of Madison, objected to it as extraordinary. He said it would be a remarkable thing to declare in case a road was placed in the hands of a receiver and ordered sold that a special decree should be made forbidding its going to the highest bidder should the latter be a competing line.

Mr. Mackoy, of Covington, supported it, saying that it protected the people as well as the railroads, the latter from the blackmail often attempted by the building of useless competing lines.

Judge Beckner, of Clark, opposed it, declaring that a British parliamentary commission had expressed the opinion that consolidation was beneficial to all concerned, the people as well as the railroads.

Judge Whitaker, of Mason, supported the section, saying it was in the interest of the people and would aid to bring about cheaper rates. He did not fear that the provision if adopted would exclude capital from the State. Capital, like water, he thinks always seeks its level, and if railroading pays in Kentucky the money will always be forthcoming to build the road. He had been through the railroad mill he said and he was heartsick over it. He would never give his vote or his influence to vote money out of the pockets of the toiling people for the benefit of corporations of any sort. The question of allowing competing lines to buy each other was one sided one and he thought it should be prohibited.

Colonel T. C. Allen thought that it made small difference who bought the railroads if the section they had adopted providing for the regulation of rates should be put into operation. That was the sovereign right of the people of the State, and he was ready to make the fight against the railroads on that basis.

Judge Bullitt spoke at length upon the section, thinking its provisions unwise. His remarks were especially addressed to the "steamboat" provisions.

After prolonged debate the section was finally adopted, as was section sixteen, seventeen and eighteen. The latter section is intended to prevent banks receiving deposits after its president and officers know that the bank is insolvent.

Foster's Predictions.

Foster, the weather prophet, in his weekly predictions, says: "While the next storm wave will be of more than average force, it will not be as great a storm as will be the one following. It will be due due to leave the Pacific coast about the 17th, cross the Rocky-Alleghena valley from 18th to 20th and reach the Atlantic coast about the 21st. This storm will cause snows north of the 40th degree and rains south of it, while the cold wave following it will go below the average for the time of year. The storm will principally affect the Southern States.

"The greatest storm of the month will be due to leave the Pacific coast about the 23rd, cross the great valley between the 24th and 26th and reach the Atlantic coast about the 27th. It will begin to show signs of force about the time it descends the eastern slope of the Rocky mountains, and will begin to be a furious storm after it has crossed the Mississippi river about the 25th, and will become a great storm in the Eastern States about the 26th or 27th. Following this storm a cold wave will reach far into the Southern States with very cold weather along the line between Canada and the United States. It will not cause as much rain and snow as did the storms between the 8th and 14th, but the snows will be more of the blizzard kind. This storm may have sufficient force to develop tornadoes in the Southern States, but the indications do not certainly imply a tornado period."

THE San Francisco Bulletin says: "The Wife" is a capital play—capitally acted. It breathes the air of good society. It brims over with fun—honest, genuine rollicking fun. It is clean throughout. The company is equal to the best comedy company in Paris, and far superior to any on the English stage."

THE New York World made nearly \$1,000,000 last year for Mr. Pulitzer and the Herald yielded Mr. Bennett \$900,000. Why don't everybody rush into the newspaper business, and get rich in a year and retire and live off the interest of their fortune?

"GAMBLING has completely gone out of existence in this city," said an old gambler recently to the Lexington Press. To which the Jessamine Journal responds that "when gambling has ceased to exist in the Bluegrass capital ices will be hanging around in July."

W. F. EITEL was granted license yesterday to retail malt liquors at the Crawford stand near Moransburg. A strong protest was made, but the court decided, after hearing the evidence, that a majority of the voters of the neighborhood had not signed the remonstrance.

In affirming the case of the Commonwealth versus Fleming Lodge of Masons, the Superior Court rules that "the County Court, in refusing to list property for taxation under an information filed by the Auditor's agent, and in dismissing the information acts ministerially, and therefore no appeal lies."

MR. L. H. LONG had one of the wheels of his buggy torn off yesterday while coming to this city. He was coming down the Maysville hill on the Fleming pike when, he says, Carr & Tolle's bus came up behind him and ran into him. The buggy was upset, one of the bus horses fell and there was a lively time for a few minutes. Luckily no one was hurt.

THE rains fell and the floods came along the banks of the classic Yellow Creek, in Bell County, and Middlesborough's Venetian "Grand Canal" had all the business it could attend to for awhile. Several small bridges were swept away or damaged, but no serious injury followed. While the Middlesboroughers are proud of the way their ditch stood up to its work, they cannot avoid some uneasy reflections on the subject of future Yellow Creek floods.—Courier Journal.

A FARMER living in Charleston Bottom listened to the appeals of a tramp last Friday evening and gave him shelter for the night. Next morning at the breakfast table, the fellow, after drinking a cup of coffee and taking some other refreshment, excused himself on the ground that he was not feeling well. He left the room and that was the last they saw of Mr. Tramp. His hasty departure aroused suspicion, but a search revealed that he had taken nothing of much value. He had simply made a partial exchange of underwear with one of the boys. There's not much charity in befriending a tramp now-a-days.

What Horses Die of.

A New York horse life insurance company, insuring only sound and generally young animals, worth between \$100 and \$400 each, reports that, of 704 horses dying within the past five years, 183 died of colic, 77 of inflammation of the bowels, 74 of kidney trouble, 51 of pneumonia, 52 of sunstroke, 30 of pinkeye, 37 of lock-jaw, 23 of broken legs, 12 of epizootic, 10 of heart disease, 4 of blind staggers, 9 killed by runaways, 4 were drowned, 2 were killed by lightning, 128 died of unknown diseases, and only 8 were burned.

The American Play.

"The Wife stands alone as a purely American work of a high grade of excellence of completely acceptable character and of local and very successful vogue. It interests deeply, amuses greatly, is beautifully mounted and admirably acted and its performance is accompanied by tears and laughter. It presents a stage picture of entirely American life in New York, Newport and Washington, which in its social, political, amorous and humorous features, is real, unexaggerated and remarkably enjoyable. It treats of the best and most prominent social characteristics of the present day. If there is ever to be "the" American play, this is it.—N. Y. Mail and Express.

At opera house to-morrow night.

Machine-Made Eggs.

A remarkable patent was that put on file in the Patent Office at Washington last week by James Story, of Parsons, Kans., briefly mentioned heretofore, says the Enquirer. It is an artificial egg. Mr. Story has been at work on this patent for over two years, and not until last week was he able to produce an egg like a real hen's egg in color, shape, appearance and taste. A number of these eggs have been left with the business men of the city, and after giving them a fair test Story has their deposition that they can find no difference in them from the true egg. The other evening the inventor took four eggs, perfect in shape and color, and in the first was a grain of wheat, in the second a grain of oats, in the third a silver dime and in the fourth forty cents, consisting of four silver dimes. Some local capitalists have taken the matter in hand and propose to build an egg factory. The inventor claims that he can manufacture at least a car-load per day, with machinery that will cost \$500, at the rate of three cents per dozen.

SENATE AND HOUSE.

Proceedings of Both Branches of Congress.

THE TARIFF ACT AMENDED.

An Error in Punctuation Corrected Relating to Twine—Telegraphic Communication to Be Established Between the United States and Hawaii—But Very Little Done in the House—Other Washington Dispatches.

WASHINGTON, Feb. 17.—In the senate yesterday the credentials of Senators Jones, of Nevada, and Mitchell, of Oregon, were presented and filed. The conference report on the fortification bill was agreed to.

Mr. McConnell addressed the senate in advocacy of his bill, directing proceedings of condemnation against the Union and Central Pacific railroads. The bill was referred.

The house joint resolution to correct an error of punctuation in the tariff act of 1890 (relative to twine) was passed.

The senate then proceeded to the consideration of the diplomatic and consular appropriation bill. After several committee amendments had been agreed to, the senate, on motion of Mr. Edmunds, at 12:30 p. m., went into executive session. In executive session an amendment to the diplomatic bill was agreed to for the establishment of telegraph communication with the Hawaiian Islands.

This was not a subject that demanded secret consideration, but on account of the international character of the enterprise contemplated the committee on foreign relations deemed it proper to have it considered secretly, thus preventing any diplomatic matters that might come to the surface during the debate on the measure from being made public. An amendment to establish the Pacific Cable company was proposed recently by Senator Mitchell. The committee on foreign relations reported it back to the senate in a new form so as to authorize the president to contract with "such citizens or corporations of the United States as shall appear to possess the means and facilities to that end," for telegraphic communication between the United States and Hawaii, the sum of \$3,000,000 to maintain the line for fourteen years being appropriated, not more than \$250,000 to be paid to the company in any one year.

The motion to go into secret session was made by Senator Edmunds, representing the committee on foreign relations. He explained to the senate, after the doors had been closed, that it was deemed prudent not to bring the amendment before the senate in open session because it might be necessary to discuss diplomatic relations between the United States and Hawaii in connection with it. The discussion branched off into a general debate on the merits of the bill. Mr. Mitchell, who introduced it, and the members of the foreign affairs committee arguing in favor of its adoption. The question of affixing the amendment to the sundry civil bill, as originally proposed, or to the consular and diplomatic appropriation bill, as provided by the foreign relations committee, was discussed at some length and it was finally decided that it properly came under the head of diplomatic appropriations, and should be attached to the diplomatic and consular bill.

The doors of the senate chamber were not reopened until 4:50 p. m., and immediately thereafter Mr. Quay arose and addressed the senate in refutation of charges circulated against him. At the close of his remarks the senate resumed consideration of the diplomatic bill, and the Hawaiian cable amendment adopted in executive session was agreed to. The bill and amendments having been reported from the committee of the whole to the senate the committee amendments were agreed to.

Pending discussion on an amendment to increase the salary of the minister to Portugal from \$5,000 to \$10,000 the senate adjourned.

In the house Mr. E. B. Taylor, of Ohio, apologized to Mr. Fithian, of Illinois, for having used unparliamentary language toward him on Saturday last. The conference report on the army appropriation bill was adopted. The house then went into committee of the whole on the Indian appropriation bill, but without disposing of it the committee rose and, after adopting resolutions of sorrow at the death of Gen. Sherman, the house adjourned.

Money Necessary for Pensions.

WASHINGTON, Feb. 17.—The commissioner of pensions laid before the house committee on appropriations yesterday a revised estimate of the deficiency of the pension office for the present fiscal year. He shows that during the past seven months the actual payment for pensions has been \$60,698,193. He estimates that there will be required for the old law cases for the next five months \$55,436,000; and for the cases allowed under the act of June 27, 1890, during the balance of the fiscal year \$9,634,900, making a total for the year of \$125,769,093. There has already been appropriated for this service \$97,090,761, leaving a deficiency of \$28,678,332. The estimate first presented to congress was for \$34,000,000.

Town Site Laws in Oklahoma.

WASHINGTON, Feb. 17.—Mr. Harvey introduced in the house yesterday a bill to extend over the territory of Oklahoma certain town site laws of the state of Kansas, and repealing the act entitled "an act to provide for town site entries of lands in what is known as Oklahoma."

More National Holidays.

WASHINGTON, Feb. 17.—Representative Langston, of Virginia, yesterday introduced in the house a bill providing that Feb. 13, (Lincoln's birthday) and April 27 (Grant's birthday) be hereafter observed as National holidays.

City Solicitor Sued.

CINCINNATI, Feb. 17.—At noon yesterday City Solicitor Horstman sued Comptroller Stevens and his bondsmen for \$5,175.33. The items are for \$712 and \$1,200 for useless tin tags, and \$3,263.33 for clerk hire paid out of the contingent fund. Stevens' bondsmen are James Gleason, Joseph Rhodes and Levi Brooks.

SPARKS FROM THE WIRE.

Items of Interest Put in Convenient Form for Readers.

Judge Warder, of Chattanooga, is insane and dying.

John Tomlinson, a Muncie pioneer, died Saturday, aged 70.

The women of Green Castle have inaugurated a war on billiard tables.

At Brazil, William Suggs, a colored man, shot Policeman Kahley in the arm.

Congressman-elect Harter, of Ohio, has declared against free coinage of silver.

Sneak thieves robbed the National Provincial bank of England, London, of \$5,000.

Secretary Gibson, of the whisky trust, has been indicted by the Chicago grand jury.

Mrs. Ruth Jenners, the third victim of the Lafayette natural gas explosion, died Saturday.

George Jetter, a wealthy Hortonville farmer, was killed by an accident in his barn Saturday.

Sam. Buckner, of Longview, Ky., is under arrest for whipping his 10-year-old brother to death.

Charles L. Parks, a brakeman, was killed by the cars at Clinton. He fell in front of an engine.

A number of heirs to the great Oneka Jones estate in New York, have been unearthed at Fortville.

A. L. Bowman's house at New Castle, Ind., was burglarized. A gold watch and \$50 cash were taken from Bowman's clothing.

The store of W. H. Parks, Perryville, Ky., was partially demolished by dynamite Sunday morning. It was the work of some miscreant.

The employees of the South Covington and Cincinnati Street railway have made a demand for the dismissal of Superintendent Thomas Jenkins.

Anderson physicians are puzzled over the strange case of Miss Maud Jones, whose body is as stiff and rigid as if she were a corpse, yet she is evidently alive.

Miss Helen Melish, type writer in the office of Attorney A. R. Hill, at Danville, discharged, took umbrage and had the attorney arrested on a burglary charge.

The committee of the general assembly of the Presbyterian church has completed the revision of the Confession of Faith, and will report it to the assembly next May.

James Rose, who was convicted at Lancaster, Ky., of the murder of Andy Bird, has made a confession, implicating his father-in-law, Leonard Scarborough, and his 15-year-old son.

A Lawrenceburg wife who suspected a liaison between her husband and the hired girl hid herself in a big trunk in her bedroom, and, announcing that she was going out of town on a visit, caught the pretty pair in a compromising condition.

Miners Elect Officers.

COLUMBUS, O., Feb. 17.—The United Mine Workers of America last night elected John B. Rae, of Pennsylvania, president; elected P. H. Penna, of Indiana, vice-president; Patrick McBride, of Pennsylvania, secretary and treasurer, and W. B. Wilson, of Pennsylvania, senior member of the executive board. The wage scale question was virtually left for settlement by the joint meeting of miners and operators to be held at Pittsburg in April. The next annual meeting will be held in this city on the second Tuesday of February, 1892.

Traveling Man Suicides.

LOUISVILLE, Feb. 17.—C. G. Salt, a traveling salesman for C. J. Burroughs & Company's wire works, Portland, Me., was found dead in bed at 12:30 o'clock yesterday afternoon at the Enterprise hotel. His body was badly decomposed. Salt had evidently been dead since Saturday. It is a clear case of suicide. An empty bromide bottle was found in the room. Several letters from Salt's wife dated Portland, Me., were found in his pocket. Despondency is believed to have been the cause.

Buried Without Religious Rites.

EDGEMONT, O., Feb. 17.—Two years ago Dr. Shoelty, of this place, died. He was an infidel and eccentric, and left a request that a band play a lively air at the head of his funeral procession. This was done. His wife, who survived him, was a Catholic, and desiring to be buried by his side, wrote a letter to the pope asking permission, who protested. She died last week and was buried without religious rites.

Railroad Project.

FORT WAYNE, Ind., Feb. 17.—It is stated on excellent authority that it has been decided to double the track on the Pittsburg, Fort Wayne and Chicago road between this city and Chicago. The traffic now is so heavy that the facilities for carrying the same are inadequate, and the increase expected through the world's fair makes the improvement a necessity. Work will probably begin this spring.

Base Ball Meeting.

CINCINNATI, Feb. 17.—A special meeting of the American Base Ball association is in session here. Its object is to oust President Thurman and to admit Cincinnati to membership.

Police Stop a Prize Fight.

NEW YORK, Feb. 17.—Paddy Gorman, the Australian middle-weight pugilist, and Mike Leary, of Buffalo, fought six rounds at the Hudson athletic club of Jersey City last night. The police interfered, and the referee declared the fight a draw.

Will Not Get Very Far.

LIMA, O., Feb. 17.—Frank Swallow, a street car driver, deserted his wife and four children and left on a southbound Cincinnati, Hamilton and Dayton train Sunday morning with a frail female. He had but \$50 when he left.

GUTHRIE, Iowa, Feb. 17.—The chiefs of the Iowa Indians met at Tohee Sunday, and drew up a memorial to President Harrison, praying their treaty with the United States for sale of lands be ratified and lands allotted them before spring, so they may make ready to put in crops.

NEW YORK, Feb. 17.—A dispatch to The Police Gazette from London says Jim Smith posted £50 yesterday at The Sporting Life office and issued a challenge to fight Charley Mitchell for £500 a side. The challenge has created quite a sensation among sporting men.

COMMISSIONER'S SALE.

Mason Circuit Court.

John McNutt, &c., Plaintiffs,

Against Robert Broshears, &c., Defendants.

By virtue of a judgment and order of sale of the Mason Circuit Court, rendered at the January term thereof, 1891, in the above cause, I shall proceed to offer for sale, at Broshears Station on the premises in Mason County, Ky., to the highest bidder, at public auction, on

Saturday, Feb. 21st,

1891, at 11 o'clock a. m., upon a credit of six, twelve and eighteen months the following described property, to-wit: Three certain tracts of land situated in Charleston Bottom, Mason County, Ky. The first contains 8 1/2 acres. The second contains 17 1/2 acres. The third contains 22 acres, from which must be deducted about one acre contained in the right of way of the Chesapeake and Ohio Railway.

Said tracts join each other and contain a large tobacco warehouse, a dwelling house, a fine apple orchard, a barn, and other outbuildings. For the purchase price, the purchaser, with approved surety or sureties must execute bond, bearing legal interest from day of sale according to law. Bidders will be prepared to comply promptly with these terms. Bonds payable to
